

Nantida Chaka is a 10th grade Pan Rak Scholarship Student staying at the Lawa (Wa) Hostel.

We continue to support many people with education, both for high school students and university students, but we still get a lot more applicants than we can help. The tuition fee for sending a student to a state university is only around \$600 a year. Below are three short testimonies from some of our university graduates.

► **Sukanya (Mint) Jataw**
26 years old (Lahu/Lawa)

I grew up in the Lawa Hostel and graduated from Mae Jo University in plant science. I am now studying Public Health at Mae Fah Luang University, Chiang Rai. I felt called back to school to help with health problems in the Myanmar-Thai border area. Right now I am helping Pan Rak Foundation bring Wa people to Thailand for cleft lip and palate operations.

I am really thankful to all of you who support us for education. My dream is to serve the Lord and my ambition is to help share the gospel with non-believers.

Patcharee Sattayanuson ◀
26 years old (Lawa)

I graduated from Rajabhat University with a major in Early Childhood (Preschool) Ed. I am now in charge of the students at the Wa Hostel where I help with the Sunday School, cooking, driving, and many other things.

Thank you so much to all supporters, even though I do not know you personally, but in the name of the Lord you have been preparing the scholarship for me. May the Lord bless you all.

► **Kittikun (James) Kittisonrak**
26 years old (Lawa)

I graduated from Rajabhat University in Physical Education. I then worked as a housefather for handicapped and troubled children with a Christian foundation. Now I am in the Army taking basic training, and preparing to test to be an intelligence officer. My hope is to serve God as a liaison between the Thai Army and the Wa State in Myanmar.

Follow-up on Cleft and Lip Palate Operations

Pan Rak Foundation sent Oratai and her daughter, Mint, to follow up on 23 cleft lip and palate patients in the southern Wa State, Myanmar in June. You can see the amazing difference in their lives from the pictures below (taken between 3-5 months after the operation).

At the end of July, we are bringing at least 30 more Wa patients to Kengtung, Myanmar. The Smile Train Foundation is arranging with the Myanmar government to bring doctors in for the operations. Our team is able to share the Gospel through our newly produced Wa Catechism while the patients and their parents wait for their operations.
