Karenni boy being carried into the baptistry after receiving new legs

God is love. We love because He first loved us. 1 Jn. 4:16,19

“ . . . whatever you did for one of the least of these brothers of mine, you did for me.” Matt. 25:40

Pan Rak (sharing love) Foundation brought 62 Wa State landmine victims, and one Karenni boy born without hands or legs from Myanmar. The Mae Lao Hospital brought an additional 62 patients from Thailand and all of the legs were made by the Prosthesis Foundation of H.R.H. the Princess Mother of Thailand. The patients from Burma ate and slept at the Seventh Day Adventist Church from May 10 - 16. Pan Rak is our Thai foundation that receives funding through the Thai Christian Foundation.

The Wa leaders, doctors and our prostheses committee celebrate before giving 125 patients 184 legs. It was an international relations event as Gen. Kumthon Sintawanon from the King’s Privy Council came from Bangkok to officially present the legs on Friday before the Wa and Karenni returned to Myanmar.

Dr. Therdchai Jivacate led his team of doctors and about 30 technicians to set up a mobile prosthesis factory at Mae Lao hospital in north Thailand and wonderful things began to happen. The Immigration Police gave a donation of 952 dollars to Pan Rak as the Wa crossed the border, and the Highway Police escorted them to the church.

We brought this Karenni boy (Aung Kyaw) with his father 4 days travel in Myanmar and 1 day in Thailand to fit him with legs. We rejoiced as Aung Kyaw walked. He and his father found new faith in Christ and were baptized. On Thursday night, we had 10 baptisms in the new church baptistry with the Seventh Day Adventist hostel choir singing in the background. We are praying to get hands for Aung Kyaw the next time.

Through TCF, Pan Rak provided transportation, bedding, food, towels, toothbrushes etc and built extra toilets for the church. Pan Rak’s contribution was \$14,411.45 including donations to the hospital and prosthesis foundation.

5. Sending Sha back with love.

Five pictures of Sha (real name Ye Shien): 1. 2010 Sha at 16. Her leg was blown off at 8. 2. 2013 At 19, she received a new leg along with 57 other Wa in 2012 and began working in a clinic in the Wa state. 3. Now at 20, she out grew her 2012 prosthesis and came back for a new fitting. 4. Sha beams with new life in Christ as she comes out of the baptistry.

The smile of new life in Christ.
